## **Tools for Suicide Intervention and Postvention**

**-For professionals and non-professionals working  
with suicidal clients of all ages.**

**Sponsored by  
The New Mexico Office of School and Adolescent Health/  
Department of Health**

In response to the success of the Suicide 101 workshops comes Suicide 102 focusing on tools and techniques to help someone in a suicidal crisis as well as more in-depth information on grief and postvention issues. This workshop is **HANDS ON** for those needing fundamental tools and interactive practice. Please only sign up if you are willing to invest four hours into delving into how to help a suicidal person. This is **NOT** Suicide 101. There will be no stats, warning signs, or general survivor information. You must know about these areas. If you do not, please register for Suicide 101 first.

Because it is a hands-on workshop, only the first 24 people will be accepted. You will receive confirmation if you are accepted or not. We anticipate these spots to fill fast. Only emailed registrations will be accepted for this training. The phone number listed below has a message that is changed as needed. It will tell you if the training is full. The cost of the workshop is free. Counseling and Social Work CEUs (4) are \$20 and payable at the door to JoAnn Sartorius.
